I. BOARD MEMBERS

Subject	Authority
The Board of Equalization consists of five voting members: The Controller and four members elected for four-year terms at gubernatorial elections. The State shall be divided into four Board of Equalization districts with the voters of each district electing one member. No member may serve more than two terms.	<i>Cal. Const.</i> <i>art. XIII, § 17</i>
The term of office of a Board Member shall commence on the Monday after January 1 following election.	<i>Cal. Const.</i> <i>art. II, § 20</i>
A vacancy occurs if a member of the Board is not or ceases to be an inhabitant of the district for which he or she is chosen unless a change in district boundaries is made by the Legislature.	<i>Gov. Code § 15602</i>
Each Board Member is required to devote his or her entire time to the services of the State in performing the duties imposed upon the Board and its members by the Constitution and statutes of this State.	<i>Gov. Code § 15603</i>
Each member of the Board shall investigate the administration, enforcement, and operation within the district from which the member is elected of all laws administered and enforced by the Board. Each member may appoint a deputy, exempt from civil service, to assist the member in the performance of these duties.	<i>Gov. Code § 15623</i>
(NOTE: This section has not been interpreted by the courts or by the Attorney General. It was construed in two opinions of the Legislative Counsel to the Subcommittees of the Assembly Interim Committee on Government Organization of the 1955 General Session of the California Legislature. In the first opinion, issued July 28, 1954, Appendix VI-C, p. A-39 of the Report of the Committee, "The Need for a Department of Revenue in California," the Legislative Counsel stated that "the territorial jurisdiction of the powers vested in each member of the Board by Section 15623 extends only within the district from which they are elected, but a member may have authority to engage in such investigations in other areas of the State delegated to them by action of the board." In the second opinion, issued January 2, 1955, Appendix VI-D, p. A-40, of the Report of the Committee, the Legislative Counsel stated that Section 15623 does not vest in the State Controller any authority similar to that which it gives to the other members of the Board, but that the provisions of Sections 15610, 15611, 15612, 15613, and 15618 of the Government Code give the State Controller investigative authority which is generally comparable in extent to that which the elected members have under Section 15623.)	
The Controller may designate any deputy of his or her office to act in his or her place and stead on any state board, commission, committee, or governing board of a state agency with respect to the exercise of <i>statutory</i> powers and duties of any of those bodies. The deputy, while sitting on a board, commission, committee, or governing board of a state agency may exercise the same powers that the Controller may exercise as if he or she were personally present. The Controller so designating a deputy shall be responsible for the acts of the deputy in the same manner and to the same extent that the Controller is responsible for the acts of the deputy performing their official duties as deputy to the Controller.	<i>Gov. Code § 7.9</i>
The Deputy Controller may not participate in state assessee and private railroad car tax valuations or reassessments, reviews of assessment of publicly owned property, or petitions for redetermination or claims for refund filed under the Insurance Tax

The insurance tax is levied against insurance companies in lieu of all other taxes with certain limited exceptions. An additional tax is assessed against an out-of-state insurance company if the tax burden in its home state is higher than the California tax burden. The Board issues initial assessments against insurance companies based on the data they report on their insurance tax returns. The Board also issues deficiency assessments for underpayments of taxes in accordance with recommendations from the Insurance Commissioner, hears taxpayer appeals, and makes decisions to grant or deny petitions for redetermination and claims for refund.
